Advertising Strategies

The key that unlocks the gross sales potential of your ebook is to discover a single sentence that becomes your selling handle. Then be sure you use that sentence in every piece of gross sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are several other strategies that can enable you to sell more books.

One is to give something away at no cost along with your guide, equivalent to a priceless bonus item. Or bundle a number of ebooks underneath one price, which lowers the value for every e book if they have been bought separately.

An effective approach for determining a value is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a sales page for the new e book, but do not include a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out costs by making a number of duplicate sales pages with totally different costs on every page. Be sure your sales copy is exactly the same on every web page, and

includes your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum value is.

Finally, for those who've written a guide that solves a problem or presents a new technique, your guide will bring in both site visitors and profits.
