An effective technique for determining a worth is to send out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a sales page for the new book, but do not embody a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with totally different costs on each page. Be sure that your sales copy is exactly the similar on each web page,

and includes your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum value is.

Ultimately, in case you've written a book that solves a drawback or presents a brand new approach, your e book will usher in both traffic and profits.
