Resolve if your purpose is to get extensive distribution and most exposure. This aim is aimed at drawing prospects to your business or service, or to establishing the credibility of your reputation. If this is your principal goal, you should purpose to keep your price on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high number of new customers. The bottom line is to discover a value that maximizes your profits and the variety of books you sell.

This is a superb pricing strategy if you are seeking to acquire lengthy-term customers. Long-term clients are extremely likely to purchase from you once more and once more ? so long as the first e-book they purchase is of distinctive quality and helpful to the customer.

Nonetheless, in case your guide contains precious ? and more importantly NEW info, references, or strategies ? then it's best to purpose to cost it on the excessive end.

After you figure out your aim, you will need to determine what your viewers's need is to your ebook. For instance, does your ebook solve a selected drawback? If it does, and solves it in a means that hasn't been written about in 100 other ebooks, you'll be able to achieve high sales at a high price. If your ebook solves an issue or answers questions in a brand new and unique method, you should worth your book as excessive as you may go. Simply be prepared in your competitors to undercut you on price as quickly as they hear about your book.

If you wish to see giant profits over customer draw, purpose for an audience that is in search of straightforward solutions to their issues at a low price. If your ebook is aimed at solving one specific downside slightly than general recommendation, then you'll be able to cost more. Start at the highest worth the market will bear to usher in the largest income, and plan to discount the book a number of times throughout the year.

An effective method for determining a value is to send out a survey to your present customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do that by making a sales page for the brand new ebook, but don't embody a value on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with totally different costs on each page. Be certain your gross sales copy is precisely the identical on

each page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.

Ultimately, if you've written a e-book that solves a problem or presents a brand new method, your book will usher in both traffic and profits.
