Apart from selling your books assiduously online, there are several different methods that can help you sell extra books.

One is to present something away without cost with your ebook, comparable to a worthwhile bonus item. Or bundle a number of ebooks below one worth, which lowers the worth for each e-book if they were bought separately.

An efficient method for determining a value is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new e-book, but do not include a worth on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with completely different costs on each page. Make sure your gross sales copy is exactly the identical on

each web page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum worth is.

Ultimately, when you've written a e book that solves a problem or presents a new method, your e-book will herald both traffic and profits.
