There are all totally different formulation and methods for figuring out the right worth to your ebook. Let's begin with honing in in your final goals.

Decide in case your objective is to get vast distribution and most exposure. This purpose is aimed at drawing prospects to what you are promoting or service, or to establishing the credibility of your reputation. Nevertheless, in case your book contains invaluable ? and more importantly NEW info, references, or techniques ? then it is best to aim to price it on the excessive end.

After you determine your aim, you will need to determine what your audience's want is in your ebook. For example, does your guide resolve a selected problem? If it does, and solves it in a method that hasn't been written about in one hundred other ebooks, you will be capable of obtain high sales at a

excessive price. If your ebook solves an issue or answers questions in a new and unique way, you should value your guide as excessive as you'll be able to go. You will obtain bigger profits this fashion, but usher in fewer customers. Begin at the highest price the market will bear to herald the largest profits, and plan to low cost the ebook a number of occasions throughout the year.
