Another technique is to check out costs by creating a number of duplicate sales pages with totally different costs on each page. Make sure your gross sales copy is exactly the similar on each web page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum price is.

In the end, when you've written a e book that solves a problem or presents a brand new technique,
