An effective technique for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of

price. Do this by making a sales page for the brand new ebook, but do not embody a price on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with totally different prices on every page. Be sure your gross sales copy is strictly the same on every page, and contains your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum value is.

Ultimately, if you happen to've written a ebook that solves a problem or presents a new technique, your book will herald each visitors and profits.
