Another technique is to check out prices by making a number of duplicate gross sales pages with totally different prices on every page. Be certain that your sales copy is exactly the same on every

page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum price is.

In the end, in the event you've written a e-book that solves a problem or presents a new approach, your e book will herald both visitors and profits.
