An efficient method for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do that by making a sales web page for the new e book, but do not include a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be certain that your sales copy is precisely the same on

every page, and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum worth is.

Ultimately, should you've written a e-book that solves a downside or presents a new technique, your ebook will bring in each site visitors and profits.
