Do that by creating a sales page for the brand new e-book, but do not embrace a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is strictly the similar on every page, and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum worth is.

In the end, when you've written a book that solves a drawback or presents a new approach, your book will usher in both visitors and profits.
