One other strategy is to test out costs by making a variety of duplicate gross sales pages with different costs on each page. Make certain your gross sales copy is precisely the identical on each page, and includes your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This will let you know what your optimum worth is.

Ultimately, should you've written a ebook that solves a problem or presents a new approach, your book will usher in both traffic and profits.
