An efficient method for determining a price is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new guide, however don't embrace a worth on that page. Another strategy is to test out prices by making a number of duplicate gross sales pages with completely different prices on every page. Be sure that your sales copy is exactly the identical on each web page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum worth is.

Finally, should you've written a ebook that solves a problem or presents a new method, your ebook

will bring in both traffic and profits. So you'll want to write that selling-deal with sentence that sums up what downside your ebook solves and what the benefits of your 2668 guide can be to the customers who purchase it. And then watch your market come to you!
