One other technique is to test out costs by creating a number of duplicate sales pages with totally different prices on each page. Make sure that your gross sales copy is precisely the similar on each

page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum value is.

Ultimately, for those who've written a ebook that solves a downside or presents a new approach, your e-book will herald both traffic and profits.
