One other technique is to check out prices by making a variety of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is strictly the identical on

every web page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum value is.

Ultimately, for those who've written a e book that solves a downside or presents a new method, your guide will usher in both visitors and profits.
