Another technique is to check out prices by making a variety of duplicate sales pages with totally different prices on each page. Be certain your gross sales copy is precisely the similar on every

web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum price is.

In the end, if you happen to've written a guide that solves a problem or presents a brand new method, your guide will bring in both site visitors and profits.
