Another technique is to check out costs by making a variety of duplicate sales pages with completely different prices on every page. Make sure your sales copy is exactly the same on each web page, and

contains your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum price is.

Finally, if you happen to've written a book that solves a downside or presents a brand new method, your e book will bring in both site visitors and profits.
