Do that by making a gross sales web page for the brand new book, but don't embody a price on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with different prices on every page. Ensure your gross sales copy is exactly the same on each page, and

consists of your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum worth is.
