sales and promotional materials, and each time anyone asks you about your ebook.

An efficient technique for determining a price is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the brand new ebook, however do not embrace a worth on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different costs on every page. Be certain your gross sales copy is strictly the same on each page, and consists of your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum value is.

In the end, in the event you've written a book that solves a problem or presents a new technique, your guide will bring in both traffic and profits.
